Neighbors Aiding Family Whose Home Burned Down

Help is being sought by several groups this week for the Robert E. Carroll family, formerly of 7479 Mt. Vernon ave., Lemon Grove.

The family's home was totally destroyed last week by a fire which was said to have been started by a 3-year old, playing with a lit candle in a clothes closet.

Mrs. Carroll said that a small amount of insurance was carried on the house.

Also at home at the time of the fire were the six and sixteen year old family members. None was injured.

The family of ten are living with various neighbors.

Most needed at present by the family are kitchen staples, a washing machine and iron, a chest of drawers and bedclothing. Considerable children's clothing has already been provided.

A refrigerator was supplied by Molly Mouillesseaux, a member of the L.G. Rotary club. The Lions club gave a $50 check. Catholic Daughters furnished beds and tables.

Articles to be donated through them may be left at the garage patio adjacent the rectory at St. John of The Cross church.

Betty Barth, church secretary, said she will provide telephone callers with a list of items still needed on a day-to-day basis. Her number is 466-3914. She is available from 9 to 4:30 each day.

Clara Harris, wife of the operator of L.G. Western Auto store, is also collecting articles for the Carroll family. She said she would arrange for pickup of heavier items in her husband's store's truck. She can be reached at 469-5433.

One of the classes at Mt. Vernon school will aid the family. Wiley Cornelius, school principal, said he will send notes home with youngsters when school starts again next week.

Articles may also be left at this newspaper at 7834 Lester ave. It has a double garage door so that larger items may easily be stored until the Carrolls are ready to receive them. Arrangements may be made here by telephoning 469-0101.

A used television and used radios are listed as some of the items needed—"but we need the washer and an iron most," Mrs. Carroll said.

The Red Cross supplied the family with some sheets and blankets immediately after the fire.

Narcotics Raid Nets 3 Here

Three Lemon Grove youths were among sixteen suspected narcotics violators picked up Tuesday in a series of dawn raids. Seventy sheriff's deputies under Sgt. Robert Ryan made the raids authorized by a series of grand jury indictments.

The department had been working on the case for more than three months.

The raiders are said to have confiscated one of the largest hauls of marijuana and dangerous drugs in years from the homes of the defendants.

No resistance was met during the raids. Most of the suspects were in their early 20s. They were brought to county jail handcuffed, questioned and booked. Bail had been set for the defendants when the indictments were returned.

Nearly all of the defendants were from the east county. Lemon Grove suspects arrested were:

Richard Carter Diederick, 19, of 1700 Colfax dr.,
Adrian Kolan Varner, 20, of 3076 Harris st., and
Steven Robert James, 19, of 2364 Cypress st.

The Adult Evening group of the church will be hosted at a 5:30 p.m. potluck dinner, March 18, at the home of Mr. and Mrs. Carl Reid, 3823 Pinto Pl., Spring Valley.

"Hosanna or Crucify," will be the message of Rev. Millspaugh at the March 19 11 a.m. worship hour.

"The King" will be the sermon topic at the 7 p.m. evening service at the First Baptist Church.

National Bank Sees 'Good Year'

Frederick G. Larkin, Jr., president of Security First National Bank, told shareholders attending the bank's annual meeting on Tuesday that 1967 holds promise of being another good year for the bank, although "a substantial increase in earnings seems highly improbable . . ."

In addressing the stockholders, Larkin said that based on "developments since the beginning of 1967, it is quite clear that this year (1967) will be no carbon copy of 1966. Federal Reserve policy has softened, rather than hardened. This moderate turn towards ease is in recognition of a faltering in many areas of the private sector of the economy.

100 Acres Added To S.V. Sewers

SAN DIEGO (CNA) — Annexation of more than 100 acres to the S. V. Sanitation district was approved Monday.

92 acres in Calavo Gardens, south of Mt. Helix and 19 acres in Bonita are the areas. Part of the latter area will be used as a Chula Vista school site. The land in non-contiguous to other S. V. Sanitation District land but this is permissable under district law.

Supervisors Redistrict Plan Delayed

The re-alignment of two county supervisorial districts has been postponed for 30 days.

Opponenets of the proposal in the South Bay district successfully stymied a plan which would have Supervisor Robert Dent taking over the Lemon Grove, Spring Valley and La Mesa part of Henry Boney's second district.

Boney would have also given up the Chula Vista and National City part of his district to another supervisor. South Bay leaders opposed a change in that district and the Board of Supervisors deferred action for a month.

J. D. Barcroft Commits Suicide

The death of 48 year old "J. D." Barcroft, at 4:55 p.m. March 19, was termed suicide. Barcroft lived at 8656 Sandy Bev Lane, Spring Valley, with his wife, Mrs. Florence Barcroft.

L.G. Couple Wanted In Florida Shooting

A Lemon Grove couple who are residents of an apartment at 8176 Imperial, Lemon Grove, are in county jail awaiting extradition proceedings.

They are suspects in the shooting of two Florida police officers, sheriff's deputies reported Monday.

The two, who are wanted in Avon Park, Fla., are James Cohen, 20, and Jane Frye, 22. They are suspected of shooting two patrolmen on Feb. 27. Both officers are recovering from their wounds.

Miss Frye listed her occupation as a go-go dancer who was arrested with Cohen by San Diego deputies Thursday on suspicion of robbery, burglary and auto theft.

Police said Cohen is also wanted by Missouri authorities for a parole violation. He is also suspected of a $125 Lemon Grove liquor store holdup on Feb. 9.

Paul Reynolds, ticket chairman, said that at least 3,000 people would attend the Festival and that at least $3,000 would be generated from sale of the tickets. Previously, a turn-out of 2,000 diners was anticipated. "Tickets are moving much faster than last year," Reynolds said.

Proceeds from this year's event will be used to build school rooms in a South American community. The school-to-school project is part of the Peace Corps' Partnership Program.

Tickets may be obtained from any school or the district administrative offices.

Mrs. R. J. Collette of Lemon Grove, was elected for a second term as president of Foothills Secondary Council, C.C.P.T., at the council's March 15th meeting. Other officers elected for the 1967-68 year were Mrs. Don Hunsaker of Santee, vice president; Mrs. William G. Subber of Spring Valley, secretary; Mrs. M. I. Metzger of El Cajon, treasurer; and La Mesans Mrs. Craig Howry, historian and Mrs. Francis Minton, auditor. They will take office on June 1.

Mrs. Collette will serve as council delegate to the C.C.P.T. convention in Los Angeles, May 10 through 12, with Mrs. Hunsaker designated as alternate delegate. Also the council voted to endorse and actively support the Grossmont bond election, the La Mesa-Spring Valley tax override and the Grossmont Junior College tax override.

Sewer Service Charge Gets Hefty Boost Here

SAN DIEGO (CNA) — A sewer service charge in Lemon Grove and an increase in the service charge in Spring Valley were approved Monday by the Board of Supervisors.

The changes will put more of a burden on sewer users and less on property tax payers but the tital money collected will remain about the same.

The basic rate in Lemon Grove will be $12 per year per household unit. In Spring Valley the basic rate will go from $18 per year to $24.

Warren A. Barney, director of the Department of Special District Services, said the aim is to get an equitable fee among users and taxpayers. He said that an obvious problem in Lemon Grove is that schools, which do not pay taxes, do not contribute to the sewer maintenance.

Schools would pay 50 cents per year for each elementary pupil and 65 cents for junior high school or high school students. This rate will be 75 cents for elementary pupils and $1 for junior high or high school students in Spring Valley.

The charges will be about double in Spring Valley over Demon Grove, but ratio of fees will be about the same with taxes raising 35.8 per cent in Lemon Grove and 31 per cent in Spring Valley.

Businesses that make unusual demands on the sewer systems will be charged at special rates.

A soft water plant in Lemon Grove, for example, discharges between 60,000 gallons a day into the sewers.

Both communities discharge into the Metropolitan Sewer System and pay according to the amount of flow.

Traffic Controls Sought By L.G. Fire Department

The Lemon Grove Fire Department last week asked the Board of Supervisors for help in eliminating a dangerous condition at the intersection of Imperial and Central aves.

The Department, through its counsel, V. J. Dorman, cites the recent construction of a building at the southeast corner of the intersection as obsuring the vision of fire equipment drivers.

Drivers and operators of expensive fire equipment leaving the fire station on Central ave., cannot see oncoming traffic until the equipment has entered the northbound traffic lanes of Imperial ave. the department said.

Equipment operating on emergency basis answering alarms, is put into highly hazardous situation. Hundreds of school children cross the intersection daily, adding to the hazardous condition at the intersection, the department claims.

Yellow warning signal and red stop signals, operated manually from the station, would solve the problem, the department said.

Gunshot Ends Couple's Saga

K. Vernon Born, 59, of 3840 Riviera dr., Lemon Grove, was shot in the groin during an argument with his wife at 2:30 a.m., March 19, in the couple's home, the Sheriff's office reports.

Suffering from severe internal bleeding, Born remains in serious condition at Grossmont Hospital.

Mrs. Born was booked in County Jail on suspicion of assault with intent to commit murder.

ANNIVERSARY CELEBRATION — Mrs. Randolph Weest, left, of 7963 Palm St., Lemon Grove, gives Mrs. Louise E. Lee, 9054 Olive Dr., Spring Valley, an anniversary cake, celebrating twelve years as customer-friends. Mrs. Lee is the owner of Lee's Alterations, 3465 Imperial St., Lemon Grove, which Mrs. Weest has patronized through the years.

The DIMMER VIEW

by Max Goodwin

Is Tax Love Cooling For Grossmont College?

Do voters feel that there is too much public education in California?

Have property owners reached the rebellion point in voting more school taxes?

Has the ardor of love cooled between voters and Grossmont junior college as a result of the "academic freedom" antics of campus kooks?

These and other questions are furrowing the brows of Grossmont college administrators as the district prepares for an override tax election on April 18.

To add to the worry, the issue, in some districts, is coupled with other school tax issues.

In Spring Valley for instance, voters will be asked to support a high school tax issue and an elementary school tax issue. In Lemon Grove there is no elementary school tax issue this year—but there probably will be one in 1968.

The college override tax is for permission to increase the present statutory override tax rate of 35c to 85c for each $100 of assessed valuation. The college tax would increase from an average of $17.50 per home a year, to $42.50 a year, if the entire override were used by college administrators. This tax pays exclusively for school operation. There are other taxes for capital outlay.

The tax cost formula is simple. The average home value in the college district is $25,000. The assessment rate is 25%—making the assessed valuation $5,000. Each property is presently taxed 35c for each $100 of assessed valuation or $17.50 to operate Grossmont College. If the full 85c is used (and the administration says it won't be used unless absolutely needed) the cost for operating the college would rise to $42.50 a year for each average home.

The budget approved by the college board on July 1 was 10% higher than the preceding one. July 1 is the date public schools must have reached a decision on public money to be spent the following year.

Funds raised by the override tax election, if successful, will be budgeted for the 1968-69 college year.

Since 80% of the budget is for college salaries, failure may result in the cutting back of college personnel. There are built-in increments. These raises would be automatic. And if teachers demand another round of raises in addition to the established increments, this could cause a further reduction in personnel total.

Growing assessed valuation in the district will produce some additional income but growing college population will more than offset it.

The growing cost of college operation is very real and perhaps a little more expensive than voters were led to believe when the district was originally formed in 1960.

The enrollment was 1,538 the first year. It is 4,496 today.

Voters will not only face the issue of higher taxes, but they must also decide whether or not Grossmont college must be kept academically strong, and viable.

Del Mar Races on the Wrong Track

The saga of the negotiations of the County Agricultural Board of a lease on the Del Mar race track could embarrass Tammany Hall.

For the second time since the board called for bids, it announced last week that the second high bidder would be awarded the track lease. The second high bid was made by a group involving John Alessio, a well-known investor in hotels, restaurants, and operator of the famed Caliente race track in Tijuana.

The high bid was made by a group of professional people headed by Paul Carter, an insurance executive. Most of the people in this group live nearby, in the east county area.

The Fair Board gains the Tammany tinge with its determination to follow the will of an administration repudiated by the people in November.

Carter's group did not support Brown. Alessio and many of his people did. The Brown appointed board is following the will of a defunct administration and taxpayers resent it.

So undisguised is the objective of the Board that the Legislature is considering its dissolution.

What else can our lawmakers do if they expect to preserve the integrity of the State and the high bid system of negotiations.

We believe the vast majority of people are not race track fans and that these people couldn't care less who runs the track as long as it is being operated honestly and as long as the taxpayer is getting his full share of the proceeds as established by contract.

The choice of the second high bidder is capricious. The east county group's capability was not brought into question until it proved to be high bidder. All other criteria had been met. Little wonder the head of General Services, the head of the Department of Agriculture, the Assembly, the Senate, Attorney General Thomas Lynch, and others became aghast while the board twice made the award on a basis other than the announced criteria. Higher authority would not buy this unconscienciable decision, however.

Just what do the people think of all this?

A survey was made by the Sociological Research Associates of San Diego under the direction of Dr. David Feldman. The survey was made last month. It was ordered by the San Diego County Turf Association, the second high bidder.

The survey showed that two-thirds of those who knew about the shenanigans believed that the lease should be awarded to the highest bidder and that 40% believed that "politics" was the basis awarding the lease. One out of four of all persons questioned said there ought to be an investigation.

Strangely, the question was not asked about the morality of re-opening the bidding so that the second bidder might top the high bidder—and that is mainly what is an additional unpropriety.

It is almost a certainty that higher authority will reject the twice-tried determination of the Fair Board.

No matter what happens now, the reputation of the track and governing board has been sullied. Strong steps should be taken to remedy the situation.

FEAST WISHES — Complying with the death bed wishes of their son, Joseph, Mr. and Mrs. Gus Palazzolo, 3808 Riviera St., Lemon Grove, hosted the second annual Feast, Sunday, March 19, at their home. Italian breads, and abundant fruit, blessed by Father Robert Pinta, of St. John of the Cross Catholic Church, Lemon Grove, laden the altar, that was designed, constructed, and decorated by the Palazzolo family. The story, one of zealous faith, began a long time ago, when Mrs. Palazzolo was told of her son's fight with cancer. She beseiged Heaven, making the promise that if he could be spared, she would ask money of relatives and annually host an elaborate party in honor of St. Joseph. The saint's namesake died a year ago in February however, it was his last wish that the feast be continued. He had a good life. Rev Vito Munari, of St. John's parish, assisted by an orphan from Nazareth House, blessed the food last year.

Requiem Mass Said For Malcolm F. Lear

The Rosary was recited at 7:45 p.m., March 21, at St. John of The Cross Catholic Church, Lemon Grove, for Malcolm F. Lear, 55, of 7805 Lansing Dr., Lemon Grove, who died at home, March 20.

Requiem Mass was said at noon, March 22, at St. John of The Cross Catholic Church, with entombment at Holy Cross Mausoleum.

A native of Pennsylvania, Lear resided in the San Diego area for 21 years. He was employed as a fireman for General Dynamics.

Surivivors include his wife, Josephine B.; one son, Frederick W.; of San Pedro; and mother, Katherine M., of Lemon Grove.

Easter Becomes 'Meaningful' With Man's Awareness of Love

The meaning of the Easter event is renewed when we begin to discover in ourselves the capacity for that "greater love" of which Christ Jesus spoke.

"Greater love hath no man than this, that a man lay down his life for his friends," Jesus said (John 15:13). And his total willingness to do this opened to all mankind a new estimate of reality—brought resurrection, showed us a new and unending life.

Our readiness to learn what Jesus' words mean in our lives can begin to open to us this vast view.

His words are a call for the most penetrating kind of self-sacrifice—for a spiritual devotion that overcomes human pride, fear, and selfishness in a triumph of divine Love.

It is literally a call to be born again. Can the "average" person accept this call, this self-surrender?

It is really inevitable. And we know this in the first stirrings of our own deepest spiritual intuition. It can happen in July on a city street, in a classroom, in an office. Easter comes when it happens in the heart.

Writing of the new birth, Mary Baker Eddy, the founder of Christian Science, said:

"It begins with moments and goes on with years; moments of surrender to God, of childlike trust and joyful adoption of good; moments of self-abnegation, self-consecration, heaven-born hope, and spiritual love" (Miscellaneous Writings, p. 15).

Our intuition grows into perception and understanding. Gradually, we gain the conviction that the lives of all men are ultimately bound together, in Truth. Then we begin to find the courage, strength, and intelligence we need to lay down our lives for each other, day by day — to sacrifice whatever is self-satisfied or self-seeking in our hearts, to break through the barriers of mortal ego.

Then Easter comes. And then we begin to see ourselves —and each other—in this new light.

For this is where the "greater love" leads—to clearer views of what is actual, to resurrection, to a life that is new and to life that is endless.

Jesus said, "He that loseth his life for my sake shall find it" (Matt. 10:39).

He will swallow up death in victory. (Isaiah 25:8)

My memory of Easter in 1943 will forever be a vivid one. Our battalion had just arrived overseas and was still in a staging area near Casablanca in North Africa.

The chaplain conducted the Easter service in an olive grove on a nearby hillside, and I thought of Gethsemane. A passing camel caravan on the crest of the hill added to the setting.

Death for some in our outfit was in the near future. But on that glorious morning our thoughts were primarily on the risen Christ and His victory over death. Home seemed far away, but Christ seemed to be as near as the soldier sitting on the ground next to me.

I have been even more aware of His presence in the years that have come and gone since that memorable Easter. I thank God that the resurrection enables me to walk in newness of life.

Prayer: Father of us all, we thank Thee that by the redemption offered through the crucified and risen Christ we are Thy sons. With joy we offer our gratitude that we can also experience triumph over death; through Jesus Christ Thy Son, in whose name we pray. Amen.

Thought for the day: Through our faith in Christ, life becomes eternal.

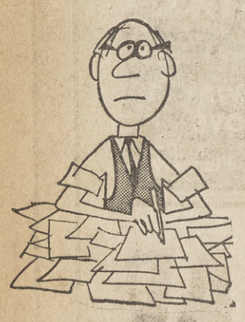
Did you know that almost 50% of the world's two-hundred-million telephones are in the United States? In fact, your phone is one of more than 10 million in California alone! Our state has more telephones than countries like Russia (7.9), Canada (7.4), France (6.1) or Italy (5.9).
Here's another fact you might find interesting: the average American makes 622 calls per year. Which just goes to show how much people depend on their phone to get things done.

Planning a program for your group or club? We'll be glad to arrange an interesting lecture or demonstration on one of the many phases of telephone communications. For more information call us on 466-3201 or stop in and chat about it at our business office at 5500 Grossmont Center Drive, La Mesa.

Dialing long distance calls direct is faster and easier than placing calls through the Operator. And, if for some reason you reach a wrong number after dialing, it's just as easy to be sure you're not charged for the call.
After you hang up, dial "0" for Operator, and tell her you've reached a wrong number. She'll ask you the number you were trying to dial, and help you complete your call. We want to be sure you don't pay for a call that goes to a wrong number.



Want answers to an income tax problem? Again this year, the Internal Revenue Service has people on duty to answer your questions by telephone. If there's an office near you, you'll find the number in the white pages of your telephone book under the heading: "United States Government, Internal Revenue Service."

Citrus Whitefly Quarantined Here

Parts of San Diego and National City have been placed under quarantine for citrus whitefly, a pest of citrus and ornamental plants, according to James M. Mon, San Diego County Agricultural Commissioner. The quarantine restricts the movement of certain host plants and parts thereof from the specified areas of the two cities.

"The host plants" Mr. Moon said, "include all species and varieties of citrus trees, tree-of-heaven, Mexican orange, persimmon, gardenia, jasmine, privet, chinaberry, osmanthus, Carolina cherry, Chinese soapberry, common lilac, and viburnum."

The quarantined area is bounded by 16th Street in National City and Harbor Drive on the south; Interstate Highway 5 and Florida Street on the west; University Avenue to 40th Street; then to El Cajon Boulevard on the north; and College Avenue, Highway 94, and Euclid Avenue on the east.

GROUND BREAKING — The third expansion for a former Lemon Grove restaurateur took place this week. Henry Goldy, and Jack Cruse, who ran Michael's in Lemon Grove until six years ago, pose as equipment moves to make way for two more banquet rooms at the Bronze Room restaurant on La Mesa Blvd.
In 1964 the pair doubled the size of the coffee shop in a $60,000 project. In 1964 two banquet rooms were built on at a cost of $125,000. The newest expansion will add another $125,000 to the facility that now represents an investment of a million dollars, according to Goldy.
The pair also operate Aladdin Catering, the largest catering organization in Southern California, according to Goldy. The firm recently served 7,600 diners when the Western States Shrine Convention was held in San Diego.
Under a crash construction program, the new rooms will be opened on May 10. The property on which the restaurant is built is owned by Elmer Drew, of Drew Ford, who is building a $1½ million rotunda showrooms nearby.
In the photo are Doug Emmett, construction foreman for Carson Construction, H. Goldy and J. Cruse.

Planning to attend the Olympics in October 1968? They are being held in Mexico so start brushing up on your Spanish "uno, dos tres . . . uno, dos tres," so you can keep an account of the scores.

Every reliable report indicates a large number of gringos" will be swarming southward to observe the IXIX Olympiad. This will mark the first Olympiad awarded to a Latin American city. The "publico' and the local "aficionados" of the host country are justifyably aglow with "orgullo." (pride).

Activity is abound in the city. The new "estadio" (stadium) and the new "alberca" (swimming pool) are fast moving towards completion. If previous performance is an indicator (The magnificent National Museum of Anthropology in Mexico's Chapultepec Park was constructed in just 11 months) every facility needed will be completed on time.

There is some talk about the "altura" (altitude) being a cause for concern. Dr. Edwardo Hay, vice president of the Mexican Olympic Committee. says "If athletes are in good condition and become acclimatized to the 7,500 ft. altitude before the games, each participant will have an equal advantage."

A central committee has been established to sell the tickets to all the events and combine the sale of tickets with the sale of lodging. It has been said that you should not plan to go if you do not have a ticket, and you will not be sold a ticket if you do not have proof of lodging.

Words and expressions which might be useful in your planned trip to the "Olimpiadas" are in today's lesson. Read them over and see how well you can learn to say them. If you wish, you may practice saying them with the recorded voice that says them when you dial 276-2762 on your telephone.

IMPORTANT EXPRESSIONS
Say "Que es la altura?" (keh ehs lah ahl-TOO-rah)
for "What is the altitude?"
Say "Es muy alto." (ehs MOO-ee AHL-toh)
for "It is very high."

OLYMPIAD EXPRESSIONS
Say "Les gustan los deportes?" (lehs GOOS-tahn lohs deh-POHR-tehs)
for "Do you like sports?"
Say "Yo soy aficionado." (yoh SOH-ee ah-fee-see-oh-NAH-thoh)
for "I am a fan."

OTHER EXPRESSIONS
Say "Mexico tiene mucho orgullo." (MEH-hee-koh tee-EHN-neh MOO-cho ohr-GOO-yoh)
for "Mexico is very proud."
Say "Es verdad." (ehs vehr-DAHD)
for "That is true."

The Dimmer View

Your Tax Dollars Are Wasted

Are you getting ready to file your income tax return?
Are you satisfied that your tax money is being wisely spent?

Are you interested in learning what some of your "hard-earned" is used for—and if you are satisfied with what you are told, you can only be weak in the head.

The tax-supported National Foundation on the Arts and Humanities has several esoteric projects to use up a hunk of your dough this year.

From several sources these projects have been unearthed and you're paying for them: The Republican Congressional Committee NEWSLETTER reports that:

A grant of $8,789 to the University of California at Santa Barbara for a study of comic strips. The Foundation defends its decision by insisting that Little Orphan Annie and other comic strips "have been an important source of political ideas for the young."

The Foundation made a grant of $12,650 to the University of California at Los Angeles for a study of "popular" literature—such as dime novels.

Up to $10,000 to a group of scholars for a multi-volume collection of texts on medieval cannon law.

About $10,000 to a Minnesota college to support a center of microfilmed manuscripts of historical and literary material written in European monastaries before 1600.

$5,000 to explore a violin varnish known to have improved violin tone prior to 1737.

In READERS DIGEST, March issue, these tax supported projects scheduled through the National Institutes of Health were reported:

$11,782 for "A Social History of French Medicine from 1789-1815."

$10,917 for a study of "Emergence of Political Leadership: Indians in Fiji".

$28,755 for research on "Changing Patterns of (Moslem) Family Life."

The DIGEST charges that the Office of Economic Opportunity earmarked $39,000 to determine why some underprivileged youths, liked, and others did not like "It's Happening to Baby!" a nationally televised rock 'n roll show extolling the Job Corps.

The DIGEST article was written by Rep. Richard L. Roudebush (R-Ind.3 a member of the House Science and Astronautics Committee.

He further charges that the National Science Foundation gave a taxpayers' grant of $20,600 for the study of German cockroaches; $10,000 to study phases of Chinese life from the 14th to the 17th century, and $5,000 to study the world views and life ways of Guarjiro Indians. These guys are inhabitants of the Guarjiro peninsula on Columbia and Venezuela—if you care.

House Republican Leader Gerald Ford (Mich.) reports that the Department of Health, Education and Welfare is financing two "laboratory" theatres to learn whether or not the arts can be used to teach youngsters who can't be taught from books. One theatre is in New Orleans; the other is in Providence.

The list is practically inexhaustable. These are listed because national attention is being brought to them presently.

If you want to squawk to your Congressman, send him the clip of this material ad ask him "how come?"

YORTY'S GREETINGS — Ruth Pfister, school lunch supervisor of the Lemon Grove school district, accepts an official proclamation of welcome from Los Angeles Mayor Sam Yorty. Mrs. Pfister was attending the 14th annual State conference of the California School Food Service Association in Los Angeles earlier this week. She is the Association's president.

Group Asks Support Of High School Bonds

Citizens for High School Bonds this week said "time is running out in its battle against burgeoning student enrollments." But, the group reported, "that's nothing really new for a district that was forced to build a school a year from 1957-1963 in order to keep abreast of mounting enrollments—all done with limited state and local funds."

All six of the high schools built in the '57-'63 period face enrollment increases next year. Three will be labeled "critical" in '63-'69.

Monte Vista with 1,809 students this year will reach a population of 2,040 in '68-'69. Mt. Miguel will increase from 2,183 to 2,652, and Granite Hills will increase from 1,532 to 1,861.

The group sees double sessions at the three schools if the $2 million school bond election on April 18 fails. Students now at Grossmont and Helix could be transferred to Santana and El Capitan if transportation is provided.

If voters approve the bond election, it will be at least one year before any new facilities can be completed to accommodate the 1,630 additional students now attending junior high schools.

To The Outside World

by Kathy Powell

This past weekend has been, if not one of the busiest, at least one of the most important weekends of the entire year at Mount Miguel. With Saint Patrick looking on, the Matadors announced their student government officers for the year 1967-68. After a strenous week of campaigning and speeches, the old officers turned over their titles and small momentos to the incoming members.

Congratulations are in order for Bradley Hill, A.S.B. president; Mike Zeglarski, A.S.B. vice-president; Karen Wilson, A.S.B. secretary; Dan Filippini, attorney general; Karen Carlson, commissioner of pep; Linda Franicola, commissioner of finance; Marsha Leatherman, commissioner of school service; Mike Ela, commissioner of athletics; Tom Stumbaugh, commissioner of publicity; Barbie Combs, commissioner of activities; Jane Eckels, commissioner of concessions; Cathy Phillips, commissioner of elections and alumni. Best of luck for next year.

On the speech scene, Mount Miguel journeyed to Chula Vista for that school's interp tournament. Aside from a chronic shortage of judges, everything seemed to run smoothly. Continuing with the congratulations—Sharon Smith took third in O.A., Barbie Combs received a sixth in Humors and a third in Dramatic, Julie Tonner took fifth in Dramatic. Most of the contestants from M.M. found Saturday to be fairly tiring especially since the Presidential Ball was the night before.

There has been a recent arrival at the Rodger Tremaine home, and her name is Noelle Janet Tremaine, "Mrs. T" teaches freshman and sophomore English at M.M., and most of her students agree that there could not be a more perfect mother for a very small girl.

Narcotics Is CCPT Topic

Mrs. Donald Browne, district president will preside over the short business meeting preceding the program.

Mrs. Lee Ness, district program chairman, has stated that this meeting is "a Call to action" on a Critical issue and all parents should be informed on the problem involved." The program topic will be presented by a panel consisting of Mr. Edward Peterson, Executive Director of the Junior Achievement; Mr. Robert C Bacon, a teacher at Madison High School, San Diego; and Dr. J. Brand Brickman, a psychiatrist. The Moderator will be Mrs. Chester Lee, 9th District Director of Health. The panelists will each present a portion of the program and then a time for questions will be allowed.

Republicans Plan April 'Revel-ion'

When San Diego County Republicans gather in the Crown Room of the Hotel del Coronado on April 8 for the First Annual "Republican Revel-ion" Dinner-Dance, there will be no head table, no guest of honor, and, according to Robert J. Cooney, chairman of the affair, "No speeches—dull, inspiring or otherwise."

Purpose of the GOP dinner-dance, Cooney explained, "... is just to have a good time, and get better acquainted and help support the San Diego County Republican Central Committee."

A feature of the $25-a-plate affair will be a door prize drawing. Prizes include color and black-and-white television sets, plus AM-FM portable radios.

Tickets to the April 9 dinner-dance may be secured at headquarters of the San Diego County Republican Central Committee, 440 San Diego Trust & Savings Building.

L.G. Girl Assigned To VISTA Program

Sherry Laws, daughter of Mr. and Mrs. Charles Laws, 5020 Longdale dr., Lemon Grove, was one of 57 trainees who were recently graduated from a VISTA Training Program at the University of Maryland. As a Volunteer in Service to America, Miss Laws, 20, will spend one year working with the Hull House Association in Chicago.

After her graduation in 1965 from Mount Miguel High School, Miss Laws attended Grossmont Junior College for two years. Her major was social science. She plans to return to college upon completion of her VISTA assignment and to go into teaching.

Most of her employment experience has involved work with young children. For two summers a counselor at a YMCA camp in San Diego, she spent last summer as a teacher's aide for Project Head Start in San Diego and then in the fall went to the Golden Avenue School in Lemon Grove as an assistant in the language arts program.

Sherry Laws

In addition, she has been a Candy Striper at the Grossmont Hospital in Fletcher Hills and has done tutoring for the San Diego Urban League.

During the six-week training program, volunteers complete classroom study and gain field experience by working near the training site on a project similar to the one to which they will be assigned.

VISTA, the volunteer corps of the Office of Economic Opportunity, sends workers to projects that request aid in poverty pockets within the United States and its territories.

Those over 18 are eligible to join VISTA. There is no maximum age limit, minimum educational requirement, or entrance examination. Volunteers receive medical care, a subsistence allowance that includes $75 a month for personal needs, and a stipend of $50 a month, which is set aside until completion of service.

Helix High's Highland Notes

by Shauna McGregor

Would you believe it's election time again? Yes, petitions are available this week to those seeking class offices. Helix has just barely "recuperated" from the ASB elections only to start anew!

Five lucky Highlanders will make a trip to Chicago as a result of their activities in Distributive Education. Joyce Jackson and Linda Green placed first in their respective divisions tof display and advertising. Dave Templeton, state paliamentarian, Nora Thompson and Carol Schenke will also go to Chicago as special representatives from California.

Helix lassies are beginning to plan for the Hula Hop which is coming up in several weeks. Many girls will open their sewing machines and make shifts for themselves and matching shirts for their boy friends. The Hula Hop is an annual dance with a Hawaiian theme sponsored by the Girls' League.

Members of the Fling staff, Helix's newspaper, are in busy preparation for competition coming up at San Diego State. Many schools from San Diego County will compete. The winneds will be eligible to compete at the state level later on in April.

Study Program Abroad Planned by Highlanders

A group of four Helix seniors will be spending part of their vacation in England this summer. They are Keith Faulkner, son of Mr. and Mrs. Alfred V. Faulkner of 5829 Pawnee, La Mesa; Ken Happel, son of Mr. and Mrs. Carl F. Happel of 8660 Tulare Street, La Mesa; Barbara Ricks, daughter of Mr. and Mrs. Benjamin M. Ricks of 4510 Toni Lane, San Diego; and Susan Shew, daughter of Mr. and Mrs. N. Shew of 3122 Main Street, Lemon Grove.

"The students will be given this opportunity through a program called the American Institute for Foreign Study," Miss Miriam Moore, one of the chaperones for the trip and a Helix English teacher, said. The other chaperone will be Miss Mary Kloos, Helix homemaking teacher.

The students and their chaperones will leave July 15, and will stay in England until Aug. 22. While in England they will attend classes at the University of Durham. The subjects that will be offered to them are; Modern Britain, the Age of Shakespeare, English Post-war Literature, the English Novel and Poetry, Romans and Saxons, Medieval and Modern England, Modern Art, and English Architecture.

The trip will not be all study, however. Other activities include trips to Straford-on-Avon, Buckingham Palace, Oxford University, Westminister Abbey, Stonehenge, Paris, Scotland, and other places of interest.

The trip will cost each student $1,100, which will provide for transportation to England and other sidetrips, full accomodations, school tuition, and others fees.

Rev. R. C. Millspaugh Plans Easter Sermons

S.V. School Wants To Be In Rec. District

SAN DIEGO (CNA) — The Highlands Elementary School PTA asked County supervisors to include the school in the Spring Valley Recreation and Park District.

Supervisor Henry A. Boney said requests from two other schools, Bancroft and Casa de Oro, are expected.

One of the problems in such an annexation is the fixing of district boundaries. School attendance lines can be shifted easily, unlike boundaries for tax districts.

The recreation district tax is 20c per $100 primarily for a summer program for children.

The supervisors are the directors but the program is run by the City of La Mesa under contract.

Spring, Nature's Soft Prelude to Summer Captures Dreams, Activities of Local Children During 'Spring Vacation'

By Bobbie Meier

The author of this article, although still a member of the Pepsi generation, has exchanged the "good life," earmarked by tattered textbooks, pep rallies, and leisure time, for the material manifestations of the working world: ringing alarm clocks, rent bills, and responsibility.

Subsequent to this aesthetic abandonment, comes the perennial longing to be "free again" . . . free in a sense that you are happy, carefree; reminiscent of those days in Spring long ago that meant a sweater tied at your waist, books slung over your shoulder, and a skate key around your neck. Days when you skipped classes, only to sit outside and discuss your obvious bravery; days when Spring was in the air, and permeated the spirit of living.

This past week was Spring Vacation. What did people do in the Lemon Grove - Spring Valley area? Where did they go? Have people's impressions of Springtime changed through the years?

These are questions that I pondered as I sat at my typewriter amidst stacks of impressive pieces of paper, marked "things to do," with pencil in mouth, and sleeves rolled up, gazing through venitian blinds in a newsroom, welcoming Spring's arrival.

Thinking about where the area people went during the vacation week intrigued me: the more sophisticated youths most likely "hit the beach" to get a "few rays," while others probably went to the cooler mountain regions.

Yet, the local area was boasting many signs of Spring's evidence. Teen-agers were seen washing their cars; others were assumed to be chatting on the phone, a good portion of the vacation hours, while the "Mama's and the Papa's" afforded audible background sounds.

Spring, nature's soft prelude to summertime, brings with her many good things. Lazy flowers prod themselves up to sing in the sunshine; jasmine scents the balmy air; lovers dream of Eiffel towers and foreign skies, while hometown Moms get the wicker picnic baskets and checkered tablecloths from attics; Dads polish their golf clubs, and school teachers relax during the coveted Spring vacation.

What occupies the hours of "Clean-up Week" for the kids too young for surf wagons, tired of "reading, 'riting and 'rithmetic", and those just not in the mood to clean up?

For some, the melody of Spring teases the ego, and little league pitchers envison their names etched in the Hall of Fame.

While dressed up little ladies attend pretend teas, and in general, a seven-day kaleidoscope of fun opens before their eyes.

Think back to the Springs you have known. Were they different than those of today? Perhaps the "good old summertime" spelled out with capital ice cream, hot dogs, watermelon and soda pop are merely memories.

Whatever happened to that old swimming hole, baseball games, and family reunions?

I hear you say, "When I was a kid, we . . ." Just because kids today while away their vacation hours, riding down to their friends' homes, garbed in Batman suits, aboard luminous stingrays to watch color TV, does not mean that favorite summer recreations are bygones.

It is true, that in the "olden days" one walked to the Saturday matinees, fifteen pennies clutched in one's fist, that's a dime for the flicks, and five cents for that ever enduring all day sucker. The bill, a thriller, "Tom Mix Rides Again." Then it was home to do one's chores. Come now, you sound like a candidate for "Queen for a Day": We're just reminiscing. Things weren't so bad then; nor are they so fine now. The crux is not kids; they will always be kids. Perhaps, the alteration lies in the times.

Astutely cognizant of the old adage, "Don't talk to strangers, and take no candy, the writer of this item locked her Tootsie - Pop filled glove compartment, and silently stalked the streets of the local communities, searching for signs of Spring, be they oldtime favorites or interesting newcomers.

Findings included everything from tether ball players, bicyclists, to the slick skateboard experts.

The prowl poll also noted that marbles are still a favorite, especially if you've got the biggest, brightest boulder.

Jacks are kicks, and can even prove quite challenging when you reach one - handed eightsies. Jump rope and "Mama's Got a Newborn Baby," was immortalized eons ago, as was leap frog, participants clad in grass - stained knickers.

Games like red light - green light; cops and robbers; hop scotch, and tag, are practically synonymous with kids.

Tax Tips

Schmidt said that if a taxpayer had a refund of $200 coming and requested that it be isued in bonds, he would receive five $50 bonds, purchase price $187.50, and a cash refund of $12.50. It is not possible to request that half the refund be issued in bonds and the other half in cash.

If you sold your home, the tax on any gain realized from the sale is postponed if certain tests are met, Frank S. Schmidt, District Director of Internal Revenue for Southern California.

Further, if you are 65 years of age or older, you may be able to sell your home tax-free.

Mr. Schmidt added that if within the 2-year period commencing 1 year before and ending 1 year after the sale, you buy and occupy another residence, the gain is not taxed at the time of sale if the cost of the new residence equals or exceeds the adjusted sale price of the old residence. You are allowed additional time if you construct a new residence or if you were on active duty in the U.S. armed forces after you sold the residence.

For those 65 years of age or older, if you sold or exchanged your principal residence you may generally elect to exclude from your gross income part or all of the gain on the sale or exchange if (1) you were 65 years of age or older before the date of the sale or exchange and (2) you owned and used the property sold or exchanged as your principal residence for a period, whether continuous or interrupted, of time totaling at least 5 years within the 8-year period ending on the date of such sale or exchange.

Document No. 5017, which furnishes more detailed information on this subject, and Form 2119 may be obtained by dropping a post card to the District Director, Internal Revenue Service, 300 North Los Angeles Street, Los Angeles, California 90012.

A missing W-2 form was a major reason why thousands of taxpayers were late in getting Federal Tax refunds last year. This form is the statement employers are required to give their employees showing salaries and the taxes withheld during the year.

Ralph B. Short, Acting District Director for Southern California, said a return cannot be processed unless required W-2 forms are attached. "A missing W-2 will hold up a refund just as a missing signature or Social Security number will," he said.

Copy B of form W-2 is the one to be filed with Federal Tax return. The other copies are for the taxpayer's records and for state and local purposes if so required.

Taxpayers who held more than one job last year should be sure to enclose a W-2 for each job, Mr. Short said. On joint returns, W-2 forms for both husband and wife should be attached.

If a W-2 form is lost, employers will be able to provide duplicate copies in most cases Mr. Short said. If a taxpayer is unable to obtain a W-2 from an employer the IRS should be notified.

Employers are required to give their employers W-2 forms by the end of January.

You will not automatically receive a refund of tax withheld from your wages unless you file a tax return, said Ralph B. Short, Acting District Director of Internal Revenue for Southern California.

A tax return is not required when the gross income received during the year is less than $600, Mr. Short said, but a return must be filed to obtain a refund of any Federal tax withheld. This advice applies particularly to students and other persons who worked only a part of the year. The income tax return provides a box to be marked if you would like to take your refund in U. S. Savings Bonds.

Forms 1040 and 1040A must be filed by everyone under 65 years of age whose gross income for 1966 was $600 or more. If the taxpayer is 65 or ollder, a return is required only if total income amounts to $1,200 or more.

Income tax relief is available to many retired persons who are living on a fixed pension or annuity. It also is available to older people who have incurred costly medical bills. Those reminders came from the Internal Revenue Service today.

For those on a pension, the benefit may be through the "retirement income credit" provision of the Federal income tax laws. The laws also allow persons over 65 to deduct 100% of their drug and medical expenses on their 1966 income tax returns.

Kuchel Asks Aid For Gold Miners

WASHINGTON — The Senate Interior Committee has recommended favorably a bill cosponsored by U.S. Senator Thomas H. Kuchel designed to bring about rehabilitation of gold mining.

The proposed legislation would provide for Federal subsidies covering higher operating costs since the Federal Government in the depression put a $35-per-ounce ceiling on the yellow metal.

Payments would be limited to producers who demonstrate they are efficient, operating costs will not yield a "reasonable profit", and the extracted gold from their mines represents at least half of the value attached to all ore removed from the property.

Felipe Alou

Baseball Star's Life To Be Published

The life story of Felipe Alou, outstanding baseball player with the Atlanta Braves (National League), will be published in April.

Alou, the Dominican who has just been named as the Braves' most valuable player for last season, was studying to be a surgeon at the University of Santo Domingo when his family's trouble with the Trujillo regime forced him to cut his schooling short. Signing a contract with San Francisco Giants, he was sent to the class "D" leagues for seasoning, and later called up to the Giants. In 1965 he was traded to the Braves. His brother Mateo (Mattie, with the Pirates) and Felipe led the National League in hitting last year.

MAIL BAG

Dear Editor:

We want to thank you for the tremendous support your newspaper gave to the End Measles in San Diego County program, which was sponsored by the San Diego County Medical Society and San Diego Department of Public Health in cooperation with other official and voluntary agencies.

You and your staff did an outstanding job of informing the public about the program and impressing parents with the importants of having their children vaccinated. It was particularly helpful of you to print the registration form which many parents of preschool children did clip, fill out and bring to the vaccination clinics.

The information phase of this program was conducted in the four weeks from January 26 to February 26. Parents of 31,376 children were motivated in that short period of time to have their children vaccinated. This could not have been accomplished without the strong support you gave the program.

Thank you very much.

Sincerely yours,
John F. Wanless, M.D.,
President San Diego County Medical Society
J. B. Askew, M.D. Director San Diego Department of Public Health

Dear Editor:

Please publish this letter. The original was sent to the Central Intelligence Agency.

Mr. Richard Helms, Director
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. Helms:

We note with some concern that the National Student Association has been subsidized for a number of years by the Central Intelligence Agency.

In case you are not aware of it, the policy of the United States government has been to oppose admission of Communist China to the United Nations. The National Student Association favors such admission.

And the policy of the United States has been to defend our nation's presence in Vietnam. The National Student Association opposes the government's position on Vietnam.

Also, you may recall that former President Dwight D. Eisenhower had to cancel a trip to Japan because of riots by Communist and Socialist students protesting his visit. The National Student Association backed the Japanese students.

Since, despite such actions, you apparently have seen fit to subsidize the National Student Association to the amount of more than one million dollars over the past decade, we can only conclude that there is no relationship between "official" U.S. government policy and the policy of C.I.A. fronts. Therefore, we feel we might also qualify for aid from the Central Intelligence Agency, and would appreciate an application form for such a request.

If necessary in order to qualify, we would be willing to increase our opposition to the policies of the present Administration in regard to Rhodesia, trade with the enemy, and the Consular Treaty, and would increase our opposition to the government's no-win policy in Vietnam.

With deep appreciation for your consideration of this request,

Sincerely,
David R. Jones, Executive Director Young Americans for Freedom, Inc.

Property Tax Increase Here To Rise 8% Via Re-assessment

SAN DIEGO (CNA) — It's going to be an even tougher year for 200,000 county property owners. County Assessor E. C. Williams said that a yearly re-appraisal is beinv instituted under State Board of Equalization direction.

Williams said the county's $1.9 billion valuation should have risen by 8.8%, or $200 million, but did not, mostly because of a four year cycle of re-appraisal. Property not re-appraised within the past year will be reviewed. More than 200,000 parcels are involved.

Standard for appraisals is 25% of market value. A random sampling showed the ratio to be 21.8. An increase of 8.8% of the present $2.33 per $100 rate would produce an added $4.66 billion in taxes. This is more than the budget increase last year.

The increase in valuation will come as a shock to owners whose property was re-appraised within the last two or three years, it is believed.

Notices will be sent by mail to owners whose property is affected.

Auto Thefts Increasing

Auto thefts in the United States nearly doubled in the ten years from 1956 to 1965, according to the Insurance Information Institute. The number of cars stolen rose from 253,900 in 1956 to more than 486,000 in 1965.

Ad Sales Planned For Pigskin Program

Plans for selling advertising is the programs of the Los Toros Pop Warner Football games were set up last week at a director's meeting at the home of Bob Fleming, club president.

Wally Keogh, Ways and Means chairman, was given the program assignment. He said that anyone wishing to place ad copy could reach him at 469-0596.

Los Toros expects to have its largest enrollment this year, Fleming said. Registration will be held at the close of Little League season with booths at all fields to show uniforms, rules and accept registrations.

Several of the board members plan to show films of actual Pop Warner games to schools and various organizations to encourage registration. They wish to stress "safety first" in the hope of reaching more parents and boys.

Deddeh Home For Full Week

Because Easter vacation creates a recess in state legislative sessions, Assemblyman Wadie P. Deddeh will spend his first full week at his district office in Chula Vista.

"I will take advantage of this time," Deddeh said, "to talk with constituents."

Constituents in Deddeh's 77th district, which covers the South Bay and Spring Valley, as well as much of La Mesa and Lemon Grove, plus the smaller east county communities, may make an appointment to discuss legislative affairs with Deddeh on Monday through Thursday.

A telephone call on Monday during the office hours of 9 a. m. to 5 p.m. can establish an appointment time with the assemblyman. The office number is 427-7077.

Coryell Speaker At Breakfast

Don Coryell, San Diego State College Football Coach, will be the featured speaker at the sixth annual San Diego city and county YMCA Good Friday Breakfast, at the Masonic Memorial Auditorium at 1895 South Camino del Rio west of Texas St.

The program will include music by the Point Loma Presbyterian Church Choir. Invocation and benediction by the Reverend George Walker Smith, minister of the Golden Hills Presbyterian Church.

R. Hastings Garland, Jr., chairman of the Downtown YMCA Board of Management which is sponsoring the breakfast will deliver the introductory and welcoming remarks. A reading from the new testament will be given by Fred Wheeler. Coryell will be in-
